MORE THAN A TRIP.
IT'S AN EXPERIENCE.
June 7-July 6, 2020

Be a part of history! For the first time, GATEway heads to the British Isles to immerse ourselves in cultures steeped in tradition, yet living with an eye toward a progressive future. This summer, explore **DUB/LON** by dividing your time between quaint **Dublin** and vibrant **London**! Learn about a part of the world that gave us our language, an array of wonderful writers, theatre, and a special relationship that we share to this day. From history to the arts, and from food to politics, this unique corner of the world will provide our GATEmates with an experience that will last a lifetime. Enjoy visits to cliffs, castles, soccer stadiums, and ancient universities. Learn how to make local dishes. Pick up an accent and learn some Gaelic. With GATEway, you can make lifelong memories, while earning academic credit and studying with master Miami Country Day School faculty. Ready to stand out from the rest? GATEway DUB/LON is open to current MCDS and non-MCDS 9th, 10th, and 11th grade students in good standing. What do you say, *mate*? Fancy an experience across the pond?

"Not all classrooms have four walls. GATEway is an amazing opportunity to learn beyond the traditional classroom setting. Education has changed in many ways over the years, but global education is the next step in the future. It's something that everyone should experience, particularly at a young age. I'm glad I got to have this experience."
-Former GATEmate

"GATEway is an experience that everyone needs to try at least once in their lives. This program has helped me understand other cultures by becoming a part of them, and I will take it with me forever."
-Former GATEmate

PARIS ANYONE?
GATEmates will enjoy one full day in **Paris, France**! After boarding the *Eurostar* in London, GATEmates will cross the English Channel and, in just under three hours, voilà, we will arrive in the capital for a full day of French culture.

GATEway MISSION:

Miami Country Day School supports the Whole Child in its quest to become a global citizen. To that end, GATEway, or *Global Access To Education*, offers programs that support, enhance, and develop our students’ view of the world, its diverse cultures, and its people. Through academic and cultural immersion programs, we broaden our students’ perspectives of life beyond our borders in order to foster a mutual understanding and appreciation among all individuals, both at home and abroad.
As GATEway is first and foremost an academic program, you can expect to be intellectually stimulated with hands-on, authentic learning opportunities. We are pleased to offer the following courses for academic credit:

**A Journey into the Art and Architecture of DUB/LON**
Instructors: Mr. Lovett & Ms. Schreffler  
Course credit: 0.5 credit Humanistic Studies  
Immerse yourself in the world of Dublin’s hip galleries and London’s world-renowned museums. Through on-site visits and in-depth studies, GATEmates will not only discover the works of great masters up close and personal, but also study the architectural wonders that have made these two capital cities what they are today. The study of art and architecture will complement one another, as students delve into the essential elements of the Baroque, Gothic, Victorian, and Contemporary periods. If you were an art collector, what kind of art would you buy? How can you relate the art of a time period with the architectural style of its cities? Get ready for walking tours, gallery crawls, and artistic scavenger hunts! A true experiential educational experience!

**Folklore: Tales Through DUB/LON!**
Instructors: Ms. Scharite & Mr. Rosas  
Course credit: 0.5 credit Communication Arts  
Every country has its legends and folklore, and Ireland and the UK are no exceptions. In Ireland, GATEmates will go behind the scenes of the myths and legends of leprechauns, fairies, banshees, and Dullahan. In England, tales such as the English Witch Trials, Robin Hood, King Arthur, Tom Thumb, Jack the Ripper, and the Tower of London will provide our GATEmates great material about which to reflect and write. Through podcasts, photography, and on-site visits, our GATEmates will gain an appreciation for national folklore - all of which will serve as the basis for a unique literary magazine to be created this summer. Picture Harry Potter, witches, wizards, dragons, boggarts every day!

“My child is at the age when travelling with parents is ‘not cool’ but on the other hand, is still young enough to need a chaperone. For my child, I think it was the good company, the chance to consolidate school friendships beyond the classroom and the playing fields, to learn about how other cultures interact, and be responsible for one’s own actions while not under the supervision of parents.” - GATEway Parent
